---

Enthusiastic BCA student seeking an internship in software development to apply technical skills, gain practical experience, and contribute to real-world projects while continuously improving my knowledge.

## Skills

---

- **Programming Languages:** C, Python, Java
- **Database:** SQL
- **Web Technologies:** HTML, CSS, JavaScript
- **AI Skills:** Prompt Engineering, AI-assisted Research, AI Content Creation, AI-assisted Data Analysis
- **Tools & Platforms:** Git, GitHub, VS Code, MS Office

## Education

---

|                                                                                  |             |
|----------------------------------------------------------------------------------|-------------|
| <b>Bachelor of Computer Applications (BCA)</b>   Aditya Degree College, Kakinada | 2024 – 2027 |
| <b>Intermediate (12th Grade)</b>   VVS Reddy Junior College                      | 2022 – 2024 |
| <b>SSC (10th Grade)</b>   Z.P. High School, Vakatippa, East Godavari             | 2021 – 2022 |

## Projects

---

### SGPA to CGPA Converter | HTML, CSS, JavaScript

- Developed a browser-based tool that accurately converts SGPA into CGPA using standard academic formulas
- Helps students efficiently track and understand their academic performance across semesters
- Built with a clean, intuitive interface for quick and seamless grade conversions without page reloads

### Weather Tracker | HTML, CSS, JavaScript, OpenWeatherMap API

- Developed a search-based weather application that fetches real-time weather data via REST API integration
- Displays current temperature, weather conditions, and location details based on user-entered city name
- Implemented error handling for invalid city inputs to ensure a smooth and reliable user experience

## Certifications

---

- **Cisco** – C Essentials 1 & C Essentials 2, Python Essentials 1, Introduction to Cybersecurity
- **Coursera** – Introduction to JavaScript, Command Line in Linux
- **Google & Coursera** – Google AI Professional Certificate
- **IBM** – Introduction to Artificial Intelligence (AI), Machine Learning with Python
- **Others** – Build Your Portfolio Website with HTML and CSS
- **Adhoc Hackathon** – Web Development (10 Mar – 13 Mar 2025), UI/UX Design (02 Feb – 05 Feb 2026)
